GUIDED TOUR AND CHILLON CASTLE WINE TASTING

EXCLUSIV
OFFER

Aged and bottled at the castle

Part of the “Lavaux” appellation, the 12.500 m² Chillon Castle vineyard is spread blissfully along the shores of Lake Geneva, where it enjoys all the benefits of Montreux’s micro-climate.

The Clos de Chillon – magnificent Chasselas white wine and Gamaret, Garanoir, Merlot and Divico red wine blend – is being aged in barrels in the underground Chillon Castle cellar and bottled by the renowned Badoux Vins winemakers.

This Grand Cru reflects the values of the Chillon Castle Foundation: tradition, prestige and quality.

Unique wine tasting in a unique venue

Chillon Castle has a unique space where it hosts exclusive tasting sessions for its wines: the ‘Verrée Vaudoise’.

The Verrée Vaudoise is available the castle’s Constable’s Dining Room. It will be on display so visitors can taste the house wine and learn more about regional culinary heritage.

Year-round, wine tasting can be offered at the end of a guided tour.

Wine tasting is available for people over 16. An alcohol-free alternative is available for children and minors, as well as for non-alcohol drinkers.
